

About Us

Squier Photography is owned and operated by Adam and Lynn Squier. Adam is our primary photographer and Lynn does a lot of the behind the scenes work. We are a home based studio in Dublin, OH.

We are passionate about our work, and love what we do! If we could choose anything in the world to do, this would be it! Our goal is to preserve your memories. Not to create them -- that's your job. We're here to help you remember them forever.
